23rd February 2021

Dear Parents/Carers

SCIENCE WEEK - MONDAY 8th to FRIDAY 12th MARCH, 2021

We are pleased to be holding our annual Science Week from 8th to 12th March. The theme for this year's British Science Week is 'Innovating for the Future' and 'Do Try This at Home'.

Although this Science Week may be a little different to our usual format, pupils will still have many exciting experiments to investigate and enjoy. All experiments in the classroom will follow Covid-19 safety measures.

This year's Science Homework Challenge will be emailed home and there will be prizes and certificates for each year group bubble. This will be set as an Assignment via Teams - do look out for it. We hope you all have fun taking part!

We hope to have some virtual visits by some of our regular visitors including the Raptor Centre. Some local scientists have been asked to talk about their roles and the work they do.

Thank you for your continued support. If you have any questions, please do not hesitate to contact Mrs Clarke in the School Office.

Yours sincerely

E Taylor

Mrs Ella Taylor
Science Subject Lead and Year 5 Class Teacher
